Many doctors and hospitals are looking for ways to make sick children happy. They think that laughing helps sick children get better. Some hospitals show cartoons, TV shows and comedies to sick children. The doctors want the children to laugh and enjoy their time in hospital.

One doctor found a great way to make sick children laugh. His name is Dr. Hunter Adams. He is a doctor and a clown too. Dr. Adams wears a clown suit and he does a lot of funny things to make the children in the hospital laugh.
